Ref: WT Docket No 96-86 and PS Docket 06-229

Dear Ms. Dortch:

On the morning of Wednesday 11 July 2007, Robert LeGrande, Deputy Chief Technology Officer of the District of Columbia, hosted a live demonstration of broadband wireless capabilities of the Regional Wireless Broadband Network and presented a briefing on this network, including wireless broadband and public safety initiatives currently underway in the District of Columbia and surrounding region. Discussed in this meeting were many of the issues currently being reviewed in the Commission's Further Notice of Proposed Rulemaking (FCC 07-72).

In attendance from the FCC were: Michael J. Copps, Commissioner, and wireless and international legal advisor Bruce Gottlieb. From OCTO were Mr. LeGrande, Joe Ross, Wireless Programs Group Director and Bryan Casey from the National Capital Region program, and support personnel.

We have attached the slides that were used for the briefing which are an accurate outline of the topics discussed.

Sincerely,

Bill Butler
